Live by it.

No gridlock, no interruptions,
no traffic jams.

No errands, no obligations,
no cross-town treks stuck in
an understated sedan.

Just the road underneath and
the blue sky above. Fresh air
is the object of your affection,
and the wide-open space around
you supplies the eye candy.

The new Harley-Davidson® Tri Glide™
Ultra Classic® motorcycle, the
three-wheel pioneer built for
chasing horizons and combing
cross-country back roads.

A three-wheel motorcycle
built on the premise that the
journey is more meaningful
than the destination.

A seamlessly integrated machine
designed, developed and tested
to the highest standards of the
Motor Company, and backed by
105 years of touring experience.

A ride we stand behind with
an extensive dealer network, and
an iron-clad warranty.

A motorcycle steeped in tradition,
but undeniably original.

AMERICA, PLEASE DON'T BUY A HARLEY BECAUSE IT GETS 50 MPG.

There's no finish line. No fancy bed & breakfast to recharge.
There's no ball of twine that doubles as a handy excuse to park.
There's only the road in front of you, and the horizon line in the
distance. That's your destination, and luckily for you, reaching
it never really happens. The 2008 MotorClothes® Collection has
the gear for the journey. The lost weekend. The road that never
ends. Now's the time, gear up and go.

**FIND THE HOLE IN THE FENCE
OF YOUR 8 HOUR-A-DAY LIFE.**

Has your 9-to-5 started to feel like 24-7?
If you're seeing in gray's, and hearing only white noise, it's time to break free. It doesn't matter where you go, because everything beyond the driveway or parking lot is a destination. The Fall riding season is settling in and it's time to plant ourselves in the saddle and leave ordinary in our mirrors. This season, our Fall MotorClothes collection has all the gear you need to get wherever it is you want to go.

**TIGHT LIKE A FISTFUL OF V-TWIN THUNDER.
YOU'RE IN THE COMPANY OF FAMILY.**

The bond is thick like blood, oil, and big, meaty tires that tangle with asphalt blacktop. It's a union shared by those of us who skewer sunsets and ride in packs to barn parties. An allegiance stated clearly on our backs, emblazoned in leather, denim, and canvas. This is the Holiday MotorClothes® Collection, stocked with all the gear you need to arrive at your gathering place, and all the miles of open road it takes to get there.

The Seedy Underbelly of Sesame Street

Diabolical Bert & Ernie were big hits on Halloween. We put the "scare" in stalker, and the "eek" in creepy. We even won an award at the Triple Rock for best costume duo. Then we sat through the worst Spinal Tap cover band I have ever witnessed in my life. That said, it was well worth it because I'm sure we gave our fair share of nightmares to the unsuspecting ladies of Hallow's Eve.

I think Jake's costume really made the night. Then again, he barely had to dress up.

Welcome to the poor side of Sesame Street. Pack your pepper spray.
